This income distribution will be applicable to investors who have held their units as at 23 February 2015.

The Fund recorded a return of 9.41% since inception, outperforming its benchmark by 4.54%.

This 3 year close-ended bond fund is second in the series of target income funds. It endeavours to provide regular income¹ during the investment tenure of the Fund via a portfolio of local and/or foreign debt securities.

The Fund benefited from its exposures to the Asian credit market which delivered positive returns. Gains were attributed mainly to positive carry and credit selection.

end

¹ Income distribution proceeds will be paid out by way of cheque.
