EASTSPRING INVESTMENTS BERHAD DECLARES INCOME DISTRIBUTION FOR THE EASTSPRING INVESTMENTS ASIAN HIGH YIELD BOND MY FUND

17 November 2016, Kuala Lumpur - Eastspring Investments Berhad today announced the gross income distribution for its Eastspring Investments Asian High Yield Bond MY Fund ("Fund"). The Fund is a wholesale feeder fund which aims to maximise income and capital appreciation by investing in the Eastspring Investments - Asian High Yield Bond Fund ("Target Fund"), which invests primarily[^] in Asian high yield bonds.

The Fund offers several currency classes that are hedged against the Fund's base currency, USD. The realised income for the other two currency classes are converted accordingly for distribution.

The distribution rates for each currency class are as follows:

Currency Class	Net Distribution (Respective Currency/Unit)	Dividend Yield (based on net asset value ("NAV") per unit as at 15 November 2016)	Type of Distribution
USD Class	0.0160	3.04%	Quarterly
AUD Hedged-Class	0.0270	5.07%	Quarterly
RM Hedged-Class	0.0135	2.52%	Quarterly

All unit holders who have maintained their unit holdings in the Fund as at 15 November 2016 will be entitled to the income distribution.

The Target Fund is managed by Eastspring Investments (Singapore) Limited's fixed income team who have a proven track record and have received industry recognition for their superior and consistent investment performance.

"Global interest rates are expected to remain low as major central banks continue to be on an accommodative bias. As such, investors will continue their search for yields in anticipation of the low interest rate environment and flush global liquidity. The sustained investor demand for yield should remain supportive of the Asian high yield bond market as was seen this year. On the whole, the Asian high yield bond market has emerged as one of the best performing bond asset classes year-to-date, as significant credit spread and decline in US risk-free rates have boosted returns", said Yvonne Tan, Director, Fund Management, Eastspring Investments Berhad.

[^] primarily means at least 66% of the Target Fund's net asset value.
